A09: Rogue Wizard

A 5th Edition compatible adventure for four to six PCs of levels 9-12

The party has a straightforward charge; bring in a rogue wizard!

This adventure takes the PCs into a wizard tower crowned by a strange alien life form. A blob of flesh encapsulated in a chitinous shell firmly grips the sides of the tower with long tentacles which also crash through many of the tower's windows. Every room of the tower presents a different challenge for the PCs who must fight and think their way through many dangerous and odd situations.

After a multitude of obstacles the PCs must confront a series of guardians the likes of which they have never before seen; and all of this before they come face to face with the infamous "Rogue Wizard".
